Scene #5 The Great Wall -- 2008

Lowerdown believe forty-five perfectly square limestone bricks were taken from the North Pass in the Great Wall. It is believed these bricks will be fundamental pieces in the world conquering device.

Lots of interesting landscaping in this country. I'm certainly happy to be heading back home with all my goodies, but I've been inspired to go home and do some yard work. In fact I plan to make the Great Wall of La Biquenda. The big question is where to put it.

If you want to figure out where I'm going to put it, just follow the directions and figure out the equation of the final line.

1. A line parallel to A that travels through the point $(0, 1)$.
The line is _____
2. A line perpendicular to the new line that travels through the point $(0, 2)$.
The line is _____
3. A line perpendicular to the new line that travels through the point $(0, 3)$.
The line is _____
4. A line parallel to the new line that travels through the point $(1, 1)$.
The line is _____

Find the line and then the next piece of the puzzle.

$y = \frac{1}{2}x + 1$	$y = -2x - 1$	$y = -2x + 1$	$y = \frac{1}{2}x - 1$
↓	↓	↓	↓
愛 = $\frac{1}{2}$	喜 = -2	信 = -2	熊貓 = $\frac{1}{2}$
